

# DYNAMIC CURRENCY CONVERSION

Want to make additional revenue on international transactions that already occur at your ATM today? We bring to you **Dynamic Currency Conversion (DCC)**, a solution to make the cardholders' international financial transactions easy and transparent. With DCC, consumers know the exact amount to be deducted from their account at the time of withdrawal - in the currency they know the best — their own.

## Customer Features:

- No surprises on international withdrawal transactions
- Transparency: know the exact amount being deducted at the time of withdrawal

## Benefits to ATM Operator:

- Attract new international customers
- New revenue stream
- Competitive differentiation
- No hardware required
- Increase ATM Usage and decrease ownership cost

## Financial Considerations:

Make revenue on currency conversion transactions. For detailed rates and information on availability contact your service provider.

This software is supported on WinCE 6.0 application version V06.01.02 (released on 07/15/2013) and above and on WinCE 5.0 application version V01.04.14 (released on 2/5/2014) and above.
