

ARE YOUR ATMs GIFTED?

Adding the GivePay™ Gift Card Mall application to your Machines is easy and free! ATM owner/operators who manage their ATM software updates and have signed the GivePay Distributor agreement are eligible to participate. Just update the machines and start earning with every gift card purchase or wireless payment made on machines you operate. Login to the GivePay portal to manage card offerings by market or terminal and invite sub-distributors and merchants to log in and share in the revenue. Software is supported by WinCE 6.0, application version V06.01.34 and above. Contact GivePay at **1-833-GIVEPAY** for more information.

**CHOOSE FROM
HUNDREDS OF CARDS**

Instantly send and redeem: Send a digital card anywhere in the nation in minutes. Find a nearby GivePay™ enabled ATM, by entering your zip code in the website.
