

CardFree CashSM

Your customer needs cash but they forgot their card at home or lost it! Now your users can make surcharge free transactions with CardFree Cash, while you still make revenue on every transaction.

Fiserv presents CardFree Cash, where consumers can get an access code, activate it and set a PIN. Now they're ready to pick up cash at any ATM featuring the Popmoney[®] logo. Go to popmoneylocator.com for a list of all participating ATMs.

Customer Features:

- Codes can be one-time use or scheduled for a period of time
- No need to stress while waiting for a replacement card. You can access funds anytime
- You can get cash without a card at thousands of participating ATMs nationwide

Benefits to ATM Operators:

- Repeat and frequent customers
- More exposure to your ATM location through the Popmoney ATM locator
- More transactions equal more profitability
- Differentiate your business
- Easy to implement—just enroll your terminal ID's with Fiserv and activate Popmoney on your ATM
- No hardware required

Financial Considerations:

This service is surcharge-free; however, the issuing bank will compensate the ATM operator for use of the ATM. **Contact your program administrator for a breakdown of revenue share.**

This Software is supported by WinCE 6.0, application version V06.01.28 (released on 03/24/17) and above.
